

DOWCO PLASTICS

WHO WE ARE

Dowco Plastics division was founded in 1997 and is focused on vacuum forming and rotational molding of plastics primarily for the powersports, marine, and construction industries. Our vision is to partner with you by adding critical value to your supply chain and deliver personalized service to help you achieve your goals. We have expertise in design, materials, rapid prototyping, just-in-time delivery, and other value added services. Dowco Plastics division is part of Dowco, which has over 250 employees and seven manufacturing locations in the United States and a sourcing office in Shanghai, China.

DOWCO PLASTICS PRODUCTION CAPABILITIES

▶ ROTATIONAL MOLDING

- 3 molding machines
- Maximum tool swing: 60" radius (120" sphere)
- Materials: LDPE and cross-linkable HDPE

▶ VACUUM FORMING

- 4 vacuum forming machines
- Material thickness: .060" to .350"
- Maximum sheet size: 72" x 120"
- Materials: ABS, laminated ABS, PE, TPO, styrene, kydex

▶ CNC

- 2 5-axis machines
- 1 3-axis, our head machine
- Maximum cutting area: 5-axis: 60" x 120", 3-axis: 60" x 120"
- Materials: various plastics, wood & structural foam, other

▶ FIBERGLASS

- We use a fiberglass chop gun system to apply fiberglass to ABS plastic. This adds strength & rigidity to the plastic. This process has successfully produced parts that have replaced fiberglass parts at a lower cost, with much higher daily output.

▶ LINE BENDING

- We currently create parts using heat assisted line bending equipment. Current parts produced are windshields and other recreational industry products.
- Materials: polycarbonate, PE, multi-layer PE, kydex, and ABS

▶ UPHOLSTERY

- Dowco's upholstery operations are based in Pine City, MN. We currently provide full-service production upholstery products to the marine & powersports industries

▶ ASSEMBLY

- We offer complete assembly and packaging services.

▶ SHIPPING

- We can build, ship and final package / drop-ship to the end user. We also have experience sending pallet and full container shipments out of the country.

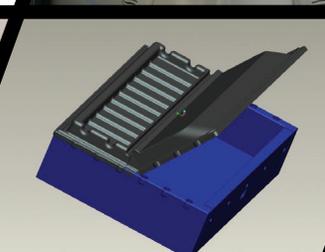

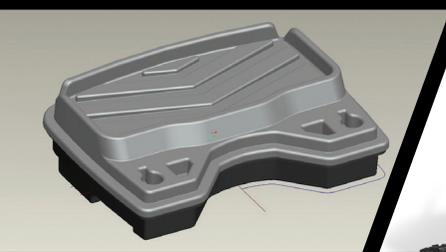

▶ ENGINEERING

- We offer complete engineering & design services - from prototype to production.

Dowco is committed to bringing the best products to market and continued high levels of service to the industries we serve. Our continued growth is a result of having a dedicated team of over 250 individuals that make our customer's businesses our own.

YOUR INNOVATION PARTNERS

From a heritage that started in 1922, as Dow Awning and Tent Company, Dowco has grown into the leading supplier of OEM covers, tops, plastic components, furniture, and quick release hardware for the recreational marine market and the leading supplier of OEM motorcycle covers, leather saddlebags, and luggage to the powersports market. Dowco Plastics manufactures plastic components for the powersports, marine, and construction markets. In addition, Dowco designs and manufactures products for a variety of other industries.

With over 90 years of product development, engineering, and manufacturing experience, Dowco has worldwide distribution for its after-market powersports products, including Guardian® Motorcycle, ATV, UTV, and Snowmobile Covers, Willie & Max® leather and vinyl saddlebags & luggage, Iron Rider® Motorcycle Luggage, Fastrax® Sport and Adventure Motorcycle Luggage, and Rally Pack® Motorcycle Luggage.

DOWCO VALUE PROPOSITION

- ▶ **MATERIAL SCIENCE EXPERTISE** to offer the optimal material solution matched to the application
- ▶ **INNOVATIVE** designs and custom styling engineering & manufacturing from enthusiasts in the sport & product
- ▶ **TRUSTED** and responsive source you can rely on as a dedicated extension of your team
- ▶ **CONTINUOUS IMPROVEMENT ENTERPRISE** committed to keeping you productive & competitive with shared gains
- ▶ **DRIVEN BY PASSION** by a team who live and are passionate about the category, as well as accessible, knowledgeable, and committed to satisfying the customer
